Cockroach Preventative Maintenance Preparation

Please advise the resident to **DO** the following:
- Inform your Manager of any pest problems in your residence.
- Clean up spills, by removing alternative food sources pests are more likely to feed exclusively on our product.
- Vacuum thoroughly, a small crumb is a feast to an insect.
- Store food properly in bug-proof containers.
- Empty trash containers frequently.
- Keep the dishwasher closed and empty after use.
- Pick up pet food when your pet is done eating.
- Rinse and store recyclable cans and bottles in bug-proof containers.
- Inform management of any water leaks or conditions favorable for infestations.
- Reduce clutter. Don’t give roaches an easy place to hide.

Please advise the resident **NOT TO DO** the following:
- DO NOT REMOVE anything from the cabinets unless instructed to do so.
- Do not spray your own insecticides; it can possibly limit the effectiveness of our product.
- Do not use strong cleaners on or near our product.
- Do not remove or disturb the bait placements.
- Do not store paper or plastic bags between your refrigerator and cabinets. Insects will harbor there.
